Subject: Amersham Chesham Bye Election Result

Dear Sir

The latest Bye Election result is no surprise.

Where I live the Government Inspector has just given approval to 100 homes to be built on the Green Belt, even though both Councils involved (St Albans and Welwyn Hatfield) objected on no less than seven grounds including Green Belt and Heritage matters, impact on infrastructure and services, archaeology, ecology, highways, character and appearance. What has happened to democracy? The Conservatives carry on with their present Planning doctrine at their peril.

Yours faithfully

Claire Taylor
